CONSIDERATION

The act causing this nomination must have been on or between October 1, 2017 and September 30, 2018.

In making an award, the committee will carefully consider and evaluate the nomination and supporting documents. Recognizing the hazardous nature of the firefighter/EMT's work, and the risks taken by the men and women of the emergency service daily in the performance of their duty, it will be the goal of the committee to select from among the nominees, individuals who clearly went above and beyond the call of duty. In most instances, the committee members' knowledge of the incident is only through the nominating material. For this reason, it is imperative that the nomination and supporting documentation clearly and adequately describes the severity and intensity of the emergency incident, the specific dangers which the nominee faced and overcame, and just why this act was exceptional.

The names of the individuals selected will be forwarded to the Awards Committee no later than October 26th, 2018. The decision of the committee is final.

Awards will be presented annually at an awards banquet hosted by the NKFA. Awards will be for the 12 month period each year beginning with October 1 and ending with September 30.

AWARDS AND NOMINATION PROCEDURE

Nominations of potential recipients may be made by any member of the NKFA witnessing or having knowledge of an act or actions worthy of appropriate recognition. Nominations will be submitted on the awards nomination form, and must be signed by the nominating members of the Chief. In the event of the chief being nominated the next highest ranking officer shall sign the nomination form. **All acts must have been on or between October 1, 2017 and September 30, 2018.**

A nomination form is provided to serve as a guideline for the submission of nominations. The nomination must include a narrative statement by the nominator, either on the form or attached, specifically explaining why the nominated individual is deemed worthy. In incident(s) where more than one individual is deemed worthy to receive an award all names may be on one form but keep in consideration that not everyone on the scene of an incident is necessarily worthy of an award. The nomination should also include adequate supporting documents to substantiate the life-saving efforts and extreme conditions under which they occurred. These should include official reports, supplemental report and narratives, news articles and information on any other awards or recognition for the incident. The total nomination submission may not exceed twenty (20) 8 ½ x 11 pages of material single sided or ten (10) pages back to back.

The category that the nominee has been nominated for must be indicated on the nomination form page 1.

All nominations must be **typewritten** for clarity.

All nominations must be received on or before October 26, 2018. Nominations received after the deadline will be returned to the person making the nomination.

If, in the judgment of the committee, the nomination is incomplete, not adequately substantiated or illegible, it will be returned to the nominator for further information and resubmission. To receive additional consideration, it must be resubmitted by the submission deadline or within five (5) days of return.

NORTHERN KENTUCKY FIREFIGHTERS ASSOCIATION PROGRAM

PROGRAM

The purpose of the Northern Kentucky Firefighters Association Awards Program is to appropriately recognize persons of the association and the public who have contributed significantly to the Emergency Response service in the Northern Kentucky area through acts of bravery, extraordinary service, innovation, dedication and support.

The program is established and maintained with the greatest integrity, so that an award recipient is proud to display the award. Service awards will be scrutinized by the selection committee to ensure that all requirements for an award are fully met.

ADMINISTRATION

An Award Selection Committee shall be appointed by the Awards Banquet Committee of the NKFA. The committee shall review all nominations and determine if an award or recognition is appropriate.

The Awards Selection Committee shall consist of 5 members with a fire service person serving in advisory capacity only to the committee.

The committee shall select a chairperson from within. A majority vote of committee members shall determine the committee's decision for each award.

The Awards Banquet shall meet annually or as often as deemed necessary by the chairperson.

NOMINATION PROCEDURES
